
Minimise business disruption with cloud technology

Alvin Lim
Cloud Evangelist, Xero

How can cloud technology help you minimise business disruption?

01. Accessibility

**02. Know
what's
happening**

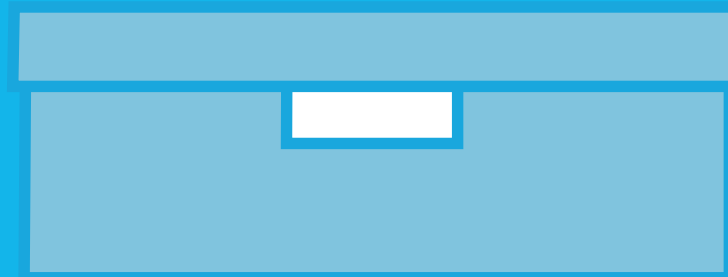

**03. Tools to
adapt with you**

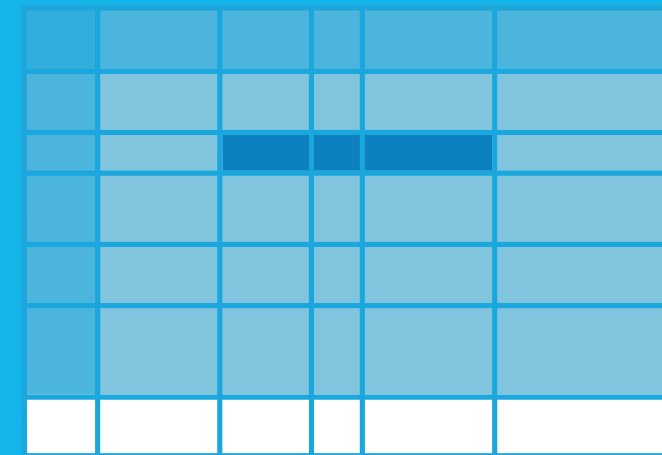

How offline small businesses manage their finances

Paper invoice

Shoe boxes of receipts

Excel Spreadsheet ledger

Desktop (offline) accounting software

Manual formulas & calculations

Monthly or quarterly Excel Reports

By contrast, Xero's key features bring the lifeblood of small business into the cloud

The small businesses financials are stored in one single ledger in the cloud that owners, managers, accountants and banks can access from any time, any device, anywhere

Ecosystem of 800+ connected apps

 GUSTO

 Hubdoc

 Square

SQUARESPACE

 Fathom
